PRODUCT
INFORMATION

The ROBERTS® Laminate Flooring Installation kit includes the do-it-yourself tools needed for small jobs. This value kit includes the needed wedges for proper spacing from walls to allow for laminate floor expansion and contraction. The small tapping block and wide angle pull bar makes joining laminate pieces easy.

KIT INCLUDES:

(30/50) Plastic Spacers
(1) Plastic Tapping Block
(1) Metal Pull Bar

10-26 kit includes 30 spacers,
10-28 includes 50 spacers
