ROBERTS® 6" Heat-Bond Carpet Seaming Iron gives double the seaming capacity. Designed to distribute heat evenly, its 6" wide soleplate provides wider, better coverage for use with 6" seam tape. Ideal for bonding near walls and doorways, this seaming iron features a contoured handle that stays cool, an up-front thermostat that adjusts from 125° F to 428° F degrees, and a 3-way cord adjustment for convenience.
