PRODUCT
INFORMATION

ROBERTS® Electric Carpet Stapler is designed for carpet installation with 20-gauge, 3/16" crown staples. This stapler can hold up to 85 staples and features a powerful, 15 Amp drive solenoid. The 6 3/4" low-profile head allows access in small spaces, particularly on stairs. This electric stapler may also be used for upholstery. The included, large, molded-plastic carrying case has room for an extra box of staples or other small tools.
