INFORMATION

ROBERTS® MAX GRIP® Vinyl Floor Installation Tape gives you maximum holding power under the flooring surface. It features an acrylic adhesive specially designed for vinyl sheet flooring. Its heavy-duty adhesive instantly bonds with no clean-up required, making it ideal for wall base and vinyl trim. It is a cleaner and faster alternative to traditional adhesives, rubber cement, and hot glue. This double sided installation tape is manufactured to adhere sheet vinyl to clean and dry subfloor. It is safe, non-toxic, and odor free.
