PRODUCT  
INFORMATION

ROBERTS® Tread Tape provides extra traction on stairs, ramps, loading docks and ladders. Manufactured with a coarse, grit sandpaper texture, it provides an additional measure of safety, helping to prevent slips and falls. Its industrial-grade, pressure-sensitive adhesive backing is designed to adhere to the clean and dry flooring material it is applied to. Easy to cut to size and apply, the long-lasting adhesive of this tape is resistant to abrasion, and fit for indoor and outdoor use.
